

Mr. Raimon Palau, as Vice-Director of **Fundació inForm**, which is the organization which manages and promotes the **SEFED Project** (the practice firm network) in Spain, with more than 300 practice firms fully operational.

Hereby I confirm that Dr Jacek Welc, from Wroclaw University of Economics, visited our central office in Sant Pere de Ribes (Spain) on March 16, 2015. During our meeting we discussed many relevant issues related to the organization and functioning of practice firms, both in Spain as well as in Poland. Mr. Raimon presented to Mr. Jacek the current situation, structure and planned future development of the network of practice enterprises operating in Spain. Mr. Jacek, in turn, shared with us his experiences about the functioning of the Polish practice firms. We have concluded our meeting with the idea of promoting and increasing the scope of co-operation between the Spanish and Polish practice firms.

With best regards

Raimon Palau, Fundació inForm
